

S170 Heritage and Conservation Register

Register Contact: crn.enquiry@jhg.com.au

Date: 14 July 2021

Heritage and Conservation Register

The Heritage and Conservation Register identifies properties, infrastructure and assets that are managed by John Holland Rail (JHR) that have been identified as having heritage significance.

The register is a dynamic database which is reviewed and updated regularly as assessments of significance are undertaken and as heritage items are identified.

For any questions about the S170 heritage listings or current information on items in the Heritage and Conservation Register, please [contact us](#).

Disclaimer

Although every care is taken to provide links to suitable material from this website, the nature of the internet prevents us from guaranteeing the suitability, completeness or accuracy of any of the material that this site may be linked to. Consequently, JHR can accept no responsibility for unsuitable or inaccurate material that may be encountered. JHR is not responsible for the accuracy or legitimacy of information found elsewhere on the internet. JHR does not guarantee that the information is complete or correct. Unless otherwise stated the authorised version of all reports, guides and other information, should be sourced from official printed versions or the agency directly.

How to use the Register

- All places below are listed on the CRN S170 Heritage and Conservation Register.
- Press Ctrl + click on the link in the first column to be taken to the S170 listing for the site. Some items do not contain links as there is, as yet, no corresponding Inventory Sheet.
- Items may have multiple State Heritage Inventory entries based on their listing status. Links are provided to any relevant State Heritage Register and Local Environmental Plan listings. If an item is not listed on the relevant register the box will be blank.
- Some information in the inventories may not be complete. A detailed heritage assessment may be required to support an understanding of heritage significance prior to commencement of major works at a heritage site.
